CHAIRMAN'S REPORT

If sporting clubs are to be measured solely by the performance of their teams on the field, then 2017 was not a year of high achievement for the Rabbitohs. Despite some stirring performances, and the signs of blossoming talent within our ranks, 2017, like the year before it, will go down in footballing terms as one of only modest achievement.

Nevertheless, sporting achievement in the elite codes is cyclical in nature and clubs must be ready to re-energise both their ranks and their strategies as the cycle of success ebbs and flows. To this end, in 2016, we embarked upon a process by which we invested heavily in our football activities through a complete restructuring of our roster and our football department. These initiatives inevitably flowed into the 2017 year and, at the time of writing, they are reaching their culmination. We, therefore, are arriving at a point where we enter the new 2018 season confident both of our roster's emerging ability and of our football department's capability to exact the best out of its ranks.

As part of this process, we were delighted to appoint Anthony Seibold as our Club's Head Coach and his appointment was met warmly both by Members and fans. As is well known, Anthony has an impeccable pedigree in both coaching and teaching and these two talents place him in good stead to set our Club on a new path of on-field success. Much has already changed since Anthony's appointment and I'm sure that we will see the fruits of his initiatives in the seasons to come.

After six seasons with the Club, we also bade farewell to Michael Maguire on mutually acceptable terms. Michael was a good friend to many at our Club and remains a coach of high calibre. His contribution to the Rabbitohs in delivering the Club's 21st premiership will long be remembered and admired.

One important measure of the off-field achievements that 2017 delivered for our Club was the culmination of years of work towards the necessary funding approvals for our exciting Community and High Performance Centre at Heffron Park. With the last piece of the funding puzzle now in place, 2018 will see construction commence on what will be the most significant venture in the Club's history and one that will see the Rabbitohs' flag firmly planted in our traditional district.

On this note, I take this opportunity to extend our special appreciation to our CEO, Blake Solly, who leads a very capable team of energetic and dedicated individuals across our Club's administration. I also extend my thanks to my fellow Member Co Board Members who have given their own free time for the benefit of the Club and have thereby ensured that the interests of Members are always paramount.

It is traditional for me to close my Chairman's Report with a note of thanks to our Members for their unswerving dedication to the Rabbitohs. I do so again because, ultimately, our Club will be judged by the strength of its membership and for this we remain deeply grateful.

With my best wishes,

Nicholas Pappas AM

FINANCE REPORT

It is my pleasure to present to Members the 2017 Financial Report.

The financial results for the year ended 31 October 2017 for both Member Co. and the Football Club are reflective of a year on the field that did not meet expectations. The Club and Michael Maguire mutually agreed to part ways and, as was the case in 2016, the NRL altered the nature of \$750k of 2017 grant revenue into an advance for future seasons. The impact in the reporting year was to remove \$750k of revenue in 2017, however the new funding package will provide a more beneficial arrangement over the life-cycle of the new broadcasting deal (between 2018-2022). The Football Club is budgeting to make a profit in 2018.

Member Co

The Member Co. financial results are described in detail in the Financial Statements.

The Statement of Profit & Loss reports a break even result for the year. As Member Co. is not required to contribute to any accumulated losses of the Football Club, there is no share of losses recognised in Member Co's accounts.

The grant back to the Football Club of \$0.315m (2016: \$0.307m) remained similar to last year despite Membership subscriptions decreasing to 20,461 (2015: 22,453), as Club Membership fell to 30,549 (2015: 32,815). Expenses were reduced slightly which enabled a similar grant.

The Statement of Financial Position reports a neutral net asset position, with trade and other receivables and payables representing 2018 subscriptions purchased in advance totalling \$0.518m (2016: \$0.295m). The higher balance represents a much higher number of Members renewing before 31 October this year, which is a positive sign for total membership for 2018.

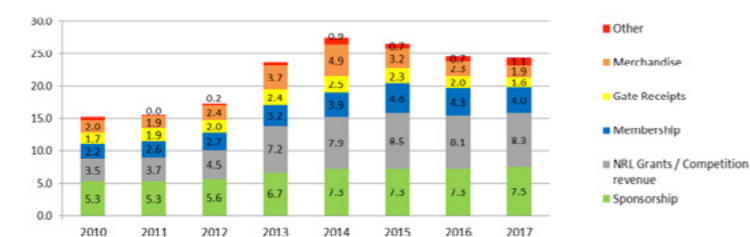

Football Club

As is customary, I also take this opportunity to provide Members with a more detailed overview of the Football Club's Financial Statements.

The Football Club's revenues totalled \$24.4m in 2017, which was similar to 2016 (see table below). The Club continued its strong performance in sponsorship, however merchandise, gate and Membership revenues were down on the previous year. NRL grants increased on the previous year, but were subject to the alteration in funding referred to earlier.

REVENUE

\$24.4 Million

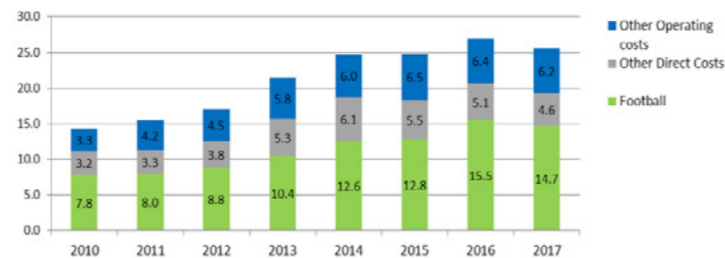

Overall expenses fell by \$1.5 million or 5.5% on the previous year. Both years included some significant one off costs in the Football Department. There was an emphasis on cost reduction this year, as commercial revenues remained under pressure. All areas of the business reduced costs, and this will continue into the 2018 season with the exception of the material increase in the NRL Salary Cap.

A cap on football department spending has been introduced by NRL for the 2018 season and beyond, which the Club is comfortably under. This cap will help contain football expenses across the industry.

EXPENSES

\$27.0 Million

The Club's Statement of Financial Position reports a positive net asset position at year-end of \$2.230m (2015: \$3.315m) and a surplus in working capital of \$2.0m (2014: \$3.0m). The cash reserves at year end were reported at \$4.45m.

Conclusion

The 2017 season did not meet our expectations on or off the field, however there was an improvement in the club's financial performance on the year before. As we head in to 2018 with a new NRL funding deal locked in for five years, we will return to profitability. We have continued to invest in the Football Department and firmly believe this will pay dividends on the field next season and into the future.

NOTES TO THE FINANCIAL STATEMENTS

1. REPORTING ENTITY

The Company is incorporated and domiciled in Australia as a Company limited by guarantee. In accordance with the Constitution of the Company, every member of the Company undertakes to contribute an amount limited to \$4 per member in the event of the winding up of the Company during the time that he or she is a member or within one year thereafter.

The principal activities of the Company during the course of the financial year were the administration and management of members' interests in the South Sydney District Rugby League Football Club Limited ("The Football Club").

2. BASIS OF PREPARATION

(a) Statement of compliance

In the opinion of the directors, the Company is not publicly accountable. The financial statements are Tier 2 general purpose financial statements which have been prepared in accordance with Australian Accounting Standards – Reduced Disclosure Requirements adopted by the Australian Accounting Standards Board and the Corporations Act 2001. The financial report of the Company does not comply with International Financial Reporting Standards (IFRS's) due to the adoption of the Reduced Disclosure Requirements AASB's. This is the first accounting period for which financial statements have been prepared under the Reduced Disclosure Requirements framework. This has led to the removal of disclosures in relation to segment reporting, auditors' remuneration, reconciliation of cash flows from operating activities and financial instruments. They were authorised for issue by the Board of Directors on 14 December 2017. Details of the Company's accounting policies, including changes during the year, are included in Note 3.

(b) Basis of measurement

The financial statements have been prepared on the historical cost basis.

(c) Functional and presentation currency

The financial report is presented in Australian dollars, which is the Company's functional currency.

(d) Use of estimates and judgements

In preparing these financial statements in conformity with Australian Accounting Standards – Reduced Disclosure Requirements, management has made judgements, estimates

and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

3. SIGNIFICANT ACCOUNTING POLICIES

(a) Financial instruments

Non-derivative financial instruments

Non-derivative financial instruments comprise trade and other receivables and trade and other payables.

Non-derivative financial instruments are recognised initially at fair value plus, for instruments not at fair value through profit or loss, any directly attributable transaction costs, except as described below. Subsequent to initial recognition non-derivative financial instruments are measured as described below. Other non-derivative financial instruments are measured at amortised cost using the effective interest method, less any impairment losses. Trade and other payables are stated at amounts contracted with suppliers/other parties. Trade payables are non-interest bearing and are normally settled within 30 days.

(b) Investments in associates

Associates are those entities in which the company has significant influence, but not control, over the financial and operating policies. The financial statements includes the company's share of the total recognised gains and losses of associates on an equity accounted basis, from the date that significant influence commences until the date that significant influence ceases. When the company's share of losses exceeds its interest in an associate, the company's carrying amount is reduced to nil and recognition of further losses is discontinued except to the extent that the company has incurred legal or constructive obligations or made payments on behalf of an associate.

(c) Impairment

Financial assets

A financial asset is assessed at each reporting date to determine whether there is any objective evidence that it is impaired. A financial asset is considered to be impaired if objective evidence indicates that one or more events have had a negative effect on the estimated future cash flows of that asset.

An impairment loss in respect of a financial asset measured at amortised cost is calculated as the

difference between its carrying amount, and the present value of the estimated future cash flows discounted at the original effective interest rate. An impairment loss in respect of an available-for-sale financial asset is calculated by reference to its fair value.

Individually significant financial assets are tested for impairment on an individual basis. The remaining financial assets are assessed collectively in companies that share similar credit risk characteristics.

All impairment losses are recognised through profit or loss. Any cumulative loss in respect of an available for-sale financial asset recognised previously in equity is transferred to profit or loss.

An impairment loss is reversed if the reversal can be related objectively to an event occurring after the impairment loss was recognised. For financial assets measured at amortised cost, the reversal is recognised in profit or loss.

Equity-accounted investees

An impairment loss in respect of an equity-accounted investee is measured by comparing the recoverable amount of the investment with its carrying amount. An impairment loss is recognised in profit or loss, and is reversed if there has been a favourable change in the estimates used to determine the recoverable amount.

(d) Revenue

Revenue from services rendered comprises revenue from member subscriptions and is recognised through profit or loss when the services are provided. No revenue is recognised if there are significant uncertainties regarding recovery of the consideration due, the costs incurred or to be incurred cannot be measured reliably, there is a risk of cancellation of membership or there is continuing management involvement with the goods.

(e) Income tax

The Company is exempt from income tax under Division 50 of the Income Tax Assessment Act (1997).

(f) Goods and services tax

Revenue, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the taxation authority. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of the expense.

Receivables and payables are stated with the amount of GST included. The net amount of GST recoverable from, or payable to, the

taxation authority is included as a current asset or liability in the balance sheet.

(g) New standards and interpretations not yet adopted

A number of new standards, amendments to standards and interpretations are effective for annual periods beginning after 1 January 2014, and have not been applied in preparing these financial statements. Those which may be relevant to the Company are set out below. The Company does not plan to adopt these standards early.

AASB 9 Financial Instruments (2014)

AASB 9 (2014), published in December 2014, replaces the existing guidance AASB 9 (2009), AASB 9 (2010) and AASB 139 Financial Instruments: Recognition and Measurement and is effective for annual reporting periods beginning on or after 1 January 2018, with early adoption permitted.

The key changes introduced in AASB 9 (2014) are:

- requirements for impairment of financial assets based on a three-stage 'expected loss' approach;
- limited amendments to classification and measurement of financial assets to add a third measurement category for debt instruments. The new category of fair value through other comprehensive income is added to the existing categories for debt instruments, i.e. amortised cost and fair value through profit or loss; and
- amendments to AASB 7 Financial Instruments: Disclosures that significantly expand the disclosures required in relation to credit risk.

6. CURRENT TAX ASSETS AND LIABILITIES

The current tax liability for the Company is Nil. The Company is a not for profit sporting organisation, and as such, it is exempt from Income Tax under Division 50 of the Income Tax Assessment Act (1997).

7. INVESTMENT ACCOUNTED FOR USING THE EQUITY METHOD

Investments in associates

Investments in associates (refer to note 5) are accounted for using the equity method.

The Company has the following investment in associates:

	Principal activities	Country	Reporting Date	Ownership Interest 2017	Ownership Interest 2016	Date of Acquisition
South Sydney District Rugby League Football Club Limited (SSDRLFC)	Propagation and promotion of Rugby League and other strategic interests	Australia	31 October	25%	25%	7 June 2006

The Company's share of loss in its equity accounted associate for the year was \$nil (2016: \$224,644 loss).

The Company has no obligation in relation to accumulated losses.

The Company is assessing the potential impact on its consolidated financial statements resulting from the application of AASB 9 (2014).

AASB 15 Revenue from Contracts with Customers

AASB 15 establishes a comprehensive framework for determining whether, how much and when revenue is recognised. It replaces existing revenue recognition guidance, AASB 111 Construction Contracts, AASB 118 Revenue and AASB 1004 Contributions. AASB 15 is effective from annual reporting periods beginning on or after 1 January 2017, with early adoption permitted.

The Company is assessing the potential impact on its financial statements resulting from the application of AASB 15.

AASB 16 Leases

AASB 16 removes the classification of leases as either operating leases or finance leases – for the lessee - effectively treating all leases as finance leases. Short-term leases (less than 12 months) and leases of low-value assets (such as personal computers) are exempt from the lease accounting requirements. There are also changes in accounting over the life of the lease. In particular, companies will not recognise a front-loaded pattern of expenses for most leases, even when they pay constant rentals. Lessor accounting remains similar to current practice i.e. lessors continue to classify leases as finance and operating leases. AASB 16 is effective from annual reporting periods beginning on or after 1 January 2019, with early adoption permitted for entities that also adopt AASB 15. The Company is assessing the potential impact on its financial statements resulting from the application of AASB 16.

OTHER RELATED PARTY TRANSACTIONS**Associates**

During the year, South Sydney District Rugby League Football Club Limited ("the Football Club") provided administrative and back office support to the Company. Direct costs with respect to membership (eg. postage etc) were charged at cost. No charge was levied with respect to the value of time incurred by employees of the Football Club in providing such support, nor was there a 5% uplift to costs incurred by the Football Club in providing the administrative support as permitted under the South Sydney Rabbitohs Co-Operation and Subscription Deed.

The Football Club administered all cash receipts and payments on behalf of the Company. Accordingly no independent cash flows have been recorded by the Company for the current period.

The excess derived for the year ended 31 October 2017 of \$314,768 (2016: \$306,784) was granted to the Football Club in accordance with the terms of the restructure contained in the South Sydney Rabbitohs Co-Operation and Subscription Deed.

The excess for the year excludes share of profit/(loss) of associate as the South Sydney Rabbitohs Co-Operation and Subscription Deed notes that the amounts to be granted to the Football Club exclude amounts attributable to dividends received from the Football Club. The share of profits of associate would be realised through the declaration of dividends from the Football Club and thus should be excluded to ensure any future dividends will be beneficially received by the Company.

SOUTH SYDNEY DISTRICT RUGBY LEAGUE FOOTBALL CLUB LIMITED

The Beginning...

South Sydney District Rugby League Football Club was formed at a public meeting held at Redfern Town Hall on 17 January 1908.

On March 5, 1908, the NSW Rugby League issued the Club its receipt No. 2 for their £ -1 - 1 - 0 affiliation fee.

The Club's first premiership match, also the first in the NSWRL competition, was played at Birchgrove Oval on Easter Monday, 20 April 1908. Souths defeated North Sydney 11-7. Winger Tommy Anderson scored Souths first try, with others added during the historic game by forwards Dick Green and Harold Butler, who also kicked a goal.

The Club was incorporated as a company limited by guarantee at a Special General Meeting on 13 June 1982.

The rebirth of the Rabbitohs began on 7 June, 2006 through a new partnership between Russell Crowe, Peter Holmes à Court and the 8000 Members of the Club. The voting Members of the Football Club voted by a 75.8% majority to convert the Club from a company limited by guarantee to a company limited by shares at an Extraordinary General Meeting held on 19 March 2006.
