CHAIRMAN'S REPORT

Dear Members,

I began last year's report with a comment to the effect that the 2016 and 2017 seasons could not be measured solely by on-field performance, largely because those seasons were, by necessity, transformative following on from our 2014 premiership success. Nothing ever stays the same in sport, and many say that the ultimate challenge is not reaching the top, but how one responds when one gets there.

2018, by contrast, was the season when the ship was righted, when the Club regained its competitive edge, returned to profitability & when important strides were taken to shore up its long-term future. Your Board believes that our Club is now well-placed for a new cycle of success, both on and off the field.

Most importantly, our Club delivered a profit of almost \$1.6m in the 2018 year, a result that speaks in volumes of the great work of our senior management team, particularly in the commercial and membership spheres. As our Chief Financial Officer reports in the pages that follow, 2018 saw the Club return to the top of the NRL in terms of financial performance, with revenues exceeding \$30m, in large part due to increased NRL grant revenue (a negotiation in which your Club figured prominently), but also due to increases in sponsorship, gate receipt and merchandise revenues.

Our congratulations and appreciation go to our CEO, Blake Solly, and his entire management team for such wonderful outcomes.

I am sure that I don't need to remind Members that 2018 was also the year when the football became enjoyable to watch again. Our Head Coach, Anthony Seibold, was able to extract the best from our talented squad and this was borne out again and again as the season unfolded. Against that background, we were all, of course, disappointed when Anthony made his decision to depart after only one season as Head Coach, but his replacement, none other than 7-time premiership winner, Wayne Bennett, finds a squad brimming with confidence and talent.

I'm sure that all SSFC Members join with me in welcoming Wayne to the Rabbitohs. Our Board's appreciation also goes out to our General Manager of Football, Shane Richardson, for navigating the Club through the occasionally turbulent waters of head coach negotiations and for delivering such a seamless and splendid outcome.

As I write, the ink is drying on our freshly-signed contracts with the NSW Government for the first tranche of funding towards our Community & High Performance Centre at Heffron Park. As I commented last year, this is the single most important initiative in the Club's history that will not only see the entire Rabbitohs family relocated to a state-of-the-art facility in Maroubra, but also plant the flag of our great Club forever in the heart of our traditional district.

May I take this opportunity to thank my fellow directors of Member Co, each of whom works quietly and diligently for the betterment of our Club. May I also convey to our investors, to Keith McCraw & the Board of Souths Juniors, to our SSFC Board Members and, last but by no means least, to James Patterson & the Board of Souths Cares, our deep gratitude for their ongoing dedication to our Club.

The Rabbitohs family is indeed strong and united.

Finally, and most fittingly, I thank you, the Members, for making us proud to be part of this great Club – it should come as no surprise that, through your unwavering commitment and loyalty, you fortify us each year.

With my very best wishes,

Nicholas Pappas AM
Chairman

FINANCE REPORT

It is my pleasure to present to Members the 2018 Financial Report.

It is pleasing to report that the improved performance on field in 2018 is reflected in improved financial results for the year ended 31 October 2018 for Member Co. This was also the first year of the new NRL funding agreement for Clubs and also the new Collective Bargaining Agreement with players. The new funding arrangement is beneficial to the Club, and should provide the platform for the Club to continue to be profitable.

Member Co

The Member Co. financial results are described in detail in the Financial Statements.

The Statement of Profit & Loss reports a break even result for the year. Member Co would recognise a share of the football Club's profit, but is protected from any losses. Member Co. will recognise a share of accumulated profits once the football Club is back in to a position where profits have been accumulated. We expect this will occur in the next few years.

The grant back to the Football Club of \$0.347m (2017: \$0.315m) increased slightly on last year, despite overall Club Membership decreasing to 29,205 (2017: 30,528), as Member Co Membership rose slightly to 20,710 (2017: 20,461).

The Statement of Financial Position reports a neutral net asset position, with trade and other receivables and payables representing 2019 subscriptions purchased in advance totalling \$0.549m (2017: \$0.518m). The higher balance represents an increased number of Members renewing before 31 October this year, which is a positive sign for total membership for 2019.

Football Club

As is customary, I also take this opportunity to provide Members with a more detailed overview of the Football Club's Financial Statements.

The Club returned to profitability in 2018 and is confident of remaining profitable into the future. The result is a considerable improvement over the previous two years and only the 2014 Grand Final winning year produced a better financial result.

Net Profit after tax
\$1.566 Million

The Football Club's revenues totalled \$30.1m in 2018, which was an increase of close to \$6m or 25% over 2017. (see graph below). As mentioned above the new funding deal with NRL dramatically increased revenues, which you can see in the graph below. The new CBA also dramatically increased costs as you will see in that section.

The Club continued its strong performance in sponsorship, and made incremental gains in merchandise and gates from our on field performance. Membership revenues were down on the previous year.

REVENUE
\$30.1 Million

As noted above the salary cap for 2018 increased by \$2.4 million over the previous year. Apart from this increase, expenses were in line with the previous year. This is a pleasing result given increases in revenues in areas that result in increased costs including merchandise and gates.

EXPENSES
\$28.0 Million

The Club's Statement of Financial Position reports a positive net asset position at year-end of \$3.797m (2017: \$2.230m) and a surplus in working capital of \$3.2m (2017: \$2.0m). The cash reserves at year end were reported at \$5.5m.

Conclusion

The financial outlook for the Club is very positive, with an improved funding deal with NRL and bright on field prospects to go with our strong membership base and commercial partners. We are comfortable the Club will be profitable over the coming years and look forward our move to Heffron Park in a few years' time. Your Club is well positioned financially to succeed over the long term.

NOTES TO THE FINANCIAL STATEMENTS

1. REPORTING ENTITY

The Company is incorporated and domiciled in Australia as a Company limited by guarantee. In accordance with the Constitution of the Company, every member of the Company undertakes to contribute an amount limited to \$4 per member in the event of the winding up of the Company during the time that he or she is a member or within one year thereafter.

The principal activities of the Company during the course of the financial year were the administration and management of members' interests in the South Sydney District Rugby League Football Club Limited ("The Football Club").

2. BASIS OF PREPARATION

(a) Statement of compliance

In the opinion of the directors, the Company is not publicly accountable. The financial statements are Tier 2 general purpose financial statements which have been prepared in accordance with Australian Accounting Standards – Reduced Disclosure Requirements adopted by the Australian Accounting Standards Board and the Corporations Act 2001. The financial report of the Company complies with Australian Accounting Standard – Reduced Disclosure Requirements framework. They were authorised for issue by the Board of Directors on 18 December 2018. Details of the Company's accounting policies, including changes during the year, are included in Note 3.

(b) Basis of measurement

The financial statements have been prepared on the historical cost basis.

(c) Functional and presentation currency

The financial report is presented in Australian dollars, which is the Company's functional currency.

(d) Use of estimates and judgements

In preparing these financial statements in conformity with Australian Accounting Standards – Reduced Disclosure Requirements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis.

Revisions to accounting estimates are recognised prospectively.

3. SIGNIFICANT ACCOUNTING POLICIES

(a) Financial instruments

Non-derivative financial instruments

Non-derivative financial instruments comprise trade and other receivables and trade and other payables.

Non-derivative financial instruments are recognised initially at fair value plus, for instruments not at fair value through profit or loss, any directly attributable transaction costs, except as described below. Subsequent to initial recognition non-derivative financial instruments are measured as described below. Other non-derivative financial instruments are measured at amortised cost using the effective interest method, less any impairment losses.

Trade and other payables are stated at amounts contracted with suppliers/other parties. Trade payables are non-interest bearing and are normally settled within 30 days.

(b) Investments in associates

Associates are those entities in which the company has significant influence, but not control, over the financial and operating policies. The financial statements includes the company's share of the total recognised gains and losses of associates on an equity accounted basis, from the date that significant influence commences until the date that significant influence ceases. When the company's share of losses exceeds its interest in an associate, the company's carrying amount is reduced to nil and recognition of further losses is discontinued except to the extent that the company has incurred legal or constructive obligations or made payments on behalf of an associate.

(c) Impairment

Financial assets

A financial asset is assessed at each reporting date to determine whether there is any objective evidence that it is impaired. A financial asset is considered to be impaired if objective evidence indicates that one or more events have had a negative effect on the estimated future cash flows of that asset.

An impairment loss in respect of a financial asset measured at amortised cost is calculated as the difference between its carrying amount, and the present value of the estimated future

cash flows discounted at the original effective interest rate. An impairment loss in respect of an available-for-sale financial asset is calculated by reference to its fair value.

Individually significant financial assets are tested for impairment on an individual basis. The remaining financial assets are assessed collectively in companies that share similar credit risk characteristics. All impairment losses are recognised through profit or loss. Any cumulative loss in respect of an available for-sale financial asset recognised previously in equity is transferred to profit or loss.

An impairment loss is reversed if the reversal can be related objectively to an event occurring after the impairment loss was recognised. For financial assets measured at amortised cost, the reversal is recognised in profit or loss.

Equity-accounted investees

An impairment loss in respect of an equity-accounted investee is measured by comparing the recoverable amount of the investment with its carrying amount. An impairment loss is recognised in profit or loss, and is reversed if there has been a favourable change in the estimates used to determine the recoverable amount.

(d) Revenue

Revenue from services rendered comprises revenue from member subscriptions and is recognised through profit or loss when the services are provided. No revenue is recognised if there are significant uncertainties regarding recovery of the consideration due, the costs incurred or to be incurred cannot be measured reliably, there is a risk of cancellation of membership or there is continuing management involvement with the goods.

(e) Income tax

The Company is exempt from income tax under Division 50 of the Income Tax Assessment Act (1997).

(f) Goods and services tax

Revenue, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the taxation authority. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of the expense.

Receivables and payables are stated with

the amount of GST included. The net amount of GST recoverable from, or payable to, the taxation authority is included as a current asset or liability in the balance sheet.

(g) New standards and interpretations not yet adopted

A number of new standards, amendments to standards and interpretations are effective for annual periods beginning after 1 January 2018, and have not been applied in preparing these financial statements. Those which may be relevant to the Company are set out below. The Company does not plan to adopt these standards early.

AASB 9 Financial Instruments (2016)

AASB 9 (2014), published in December 2016, replaces the existing guidance AASB 139 Financial Instruments: Recognition and Measurement and is effective for annual reporting periods beginning on or after 1 January 2018, with early adoption permitted.

The key changes introduced in AASB 9 (2016) are:

- (i) requirements for impairment of financial assets based on a three-stage 'expected loss' approach;
- (ii) limited amendments to classification and measurement of financial assets to add a third measurement category for debt instruments. The new category of fair value through other comprehensive income is added to the existing categories for debt instruments, i.e. amortised cost and fair value through profit or loss; and
- (iii) amendments to AASB 7 Financial Instruments: Disclosures that significantly expand the disclosures required in relation to credit risk.

The Company is assessing the potential impact on its financial statements resulting from the application of AASB 9 (2016).

AASB 15 Revenue from Contracts with Customers

AASB 15 establishes a comprehensive framework for determining whether, how much and when revenue is recognised. It replaces existing revenue recognition guidance, AASB 111 Construction Contracts, AASB 118 Revenue and AASB 1004 Contributions. AASB 15 is effective from annual reporting periods beginning on or after 1 January 2018, with early adoption permitted.

The Company is assessing the potential impact on its financial statements resulting from the application of AASB 15.

AASB 16 Leases

AASB 16 removes the classification of leases as either operating leases or finance leases – for the lessee - effectively treating all leases as finance leases. Short-term leases (less than 12 months) and leases of low-value assets (such as personal computers) are exempt from the lease accounting requirements. There are also changes in accounting over the life of the lease. In particular, companies will not recognise a front-loaded pattern of expenses for most leases, even when they pay constant rentals. Lessor accounting remains similar to current practice i.e. lessors continue to classify leases as finance and operating leases. AASB 16 is effective from annual reporting periods beginning on or after 1 January 2019, with early adoption permitted for entities that also adopt AASB 15. The Company is assessing the potential impact on its financial statements resulting from the application of AASB 16.

Direct costs with respect to membership (eg. postage etc) were charged at cost. The Football Club administered all cash receipts and payments on behalf of the Company. Accordingly no independent cash flows have been recorded by the Company for the current period.

The excess derived for the year ended 31 October 2018 of \$347,278 (2017: \$314,768) was granted to the Football Club in accordance with the terms of the restructure contained in the South Sydney Rabbitohs Co-Operation and Subscription Deed. The excess for the year excludes share of profit/(loss) of associate as the South Sydney Rabbitohs Co-Operation and Subscription Deed notes that the amounts to be granted to the Football Club exclude amounts attributable to dividends received from the Football Club. The share of profits of associate would be realised through the declaration of dividends from the Football Club and thus should be excluded to ensure any future dividends will be beneficially received by the Company.

SOUTH SYDNEY DISTRICT RUGBY LEAGUE FOOTBALL CLUB LIMITED**The Beginning...**

South Sydney District Rugby League Football Club was formed at a public meeting held at Redfern Town Hall on 17 January 1908.

On March 5, 1908, the NSW Rugby League issued the Club its receipt No. 2 for their £-1 – 1 – 0 affiliation fee.

The Club's first premiership match, also the first in the NSWRL competition, was played at Birchgrove Oval on Easter Monday, 20 April 1908. Souths defeated North Sydney 11-7. Winger Tommy Anderson scored Souths first try, with others added during the historic game by forwards Dick Green and Harold Butler, who also kicked a goal.

The Club was incorporated as a company limited by guarantee at a Special General Meeting on 13 June 1982.

The rebirth of the Rabbitohs began on 7 June, 2006 through a new partnership between Russell Crowe, Peter Holmes à Court and the 8000 Members of the Club. The voting Members of the Football Club voted by a 75.8% majority to convert the Club from a company limited by guarantee to a company limited by shares at an Extraordinary General Meeting held on 19 March 2006.
